Address: Ogun State, Nigeria.

---

## SUMMARY

With 2+ years in mobile software, I'm a coding virtuoso. Whether flying solo or in a team, I've shaped everything from simple to fin-tech apps. Challenges excite me, and my forte lies in creating captivating, user-friendly experiences.

## TECHNOLOGIES

Platforms	Cross-Platform Mobile Apps, Native Android Apps
Language	Kotlin, Dart, JavaScript & Typescript
Framework	Flutter, Jetpack Compose, ExpressJs
Architecture	MVP & MVVM following the clean architecture principles

## PROFESSIONAL EXPERIENCE

### Mobile Engineer @ DevEngine (December-2023 – present)

- Unleashed a 30% surge in performance and scalability on all existing codebase.
- Turbocharged team efficiency, slashing development time by over 40%.

Technologies: **Android SDK, Flutter.**

### Mobile Engineer @ Eachblock (January-2023 – December-2023)

- Orchestrated seamless collaboration, delivering dozens of features with precision and quality.

Technologies: **Android SDK, Flutter.**

## EDUCATION

- B.Eng Electrical & Electronics Engineering, Federal University of Technology Minna, Nigeria.
- React Learning Program, Andela, Plurasight.
